**Keyword** : sikap; mahasiswa; psikologi;

### Description :

The discrimination towards ODHA (People with HIV/AIDS) from the society, is making the effort to reduce spreads of HIV/AIDS began to fall apart which mark by the increasing numbers of people that been in affected each year. University students, are one of the most important member of society has it roles and responsibilities in order to ensure that the spreading of HIV/AIDS can be prevented. The information and understanding of HIV/AIDS and ODHA has a important part in building attitude for students towards ODHA. Attitude components such as cognitive, affective, and conative(?) and also the other factors of attitude-building has a similar role in making attitude of the students of Esa Unggul University towards ODHA.
