[PHI] Final Approval: Your article #717 External Inbox x

publichealthof indonesia to me, publichealthof Tue, Dec 26, 2023, 4:36 AM (7 days ago)

Dear Gisely Vionalita,

Here we send the article galley for your final approval. Please check carefully before we publish it online. You can add corrections using sticky notes in the PDF. We expect to have your feedback within 2 working days. If there is no reply, we can publish it as is. Thank you.

We have changed the title for clarity.

Regards,

Gisely Vionalita:

We have reached a decision regarding your submission to Public Health of Indonesia, "Smoking Behaviour in Adolescents Based on Health Belief Model: Cross sectional study in Indonesia: Smoking Behavior and HBM".

Our decision is: Revisions Required
Due for resubmission: 6 September 2023.

Specifically: Failed to follow the guideline and many grammatical errors. Wrong use of comma in the tables. Percentage should be 93.6; NOT 93,6. Change all, similar with p-value.

Follow the guideline carefully as outlined below:

Gisely Vionalita:

We have reached a decision regarding your submission to Public Health of Indonesia, "Smoking Behaviour in Adolescents Based on Health Belief Model: Cross sectional study in Indonesia: Smoking Behavior and HBM".

Our decision is: Revisions Required
Due for resubmission: 20 October 2023.

Main concern: Provide a clear statement that you received a permission to modify HBM questionnaire from Reisi et al., 2014b. Also, which language used in the instrument? If it is in Indonesian language, provide the details of instrument translation.

Check table 2. Still has Indonesian language.
