

## ACKNOWLEDGEMENT

Thanks to God who has given His bless to the author the opportunity and granting the capability to finishing this thesis timely. The title of this thesis is “Developing Online Attendance Management System Utilizing QR Code”.

This thesis purpose is to carry out academic curriculum for Final Project and to complete one of the academic requirements for each student at the Faculty of Computer Science both in Esa Unggul University Jakarta and Nanjing Xiaozhuang University to complete the Bachelor Degree program.

With all limitations, the author realizes also that this Thesis will not be realized without the help, guidance, and encouragement of various parties. For that, with all humility the author expressed his gratitude to:

1. My parents who always pray, give support, encouragement, love and believe to me.
2. My sisters who have been so great giving me support.
3. Mr. Wan Li Song and Dr Fransiskus Adikara, S. Kom, MMSI as my advisor. I am fortune to have two advisors in this thesis who always provide me guidance, support and patience for finishing this thesis.
4. Mrs. Professor Chen Wei Wei as dean of the faculty Computer Science in Nanjing Xiaozhuang University and Dr. Ir. Husni

S.Sastramihardja, MT as dean of the faculty of Computer Science in Esa Unggul University.

5. Mrs. Sophie Mou as my mother in Nanjing, which always there to listen, give me spirit and give me advice until the end of my study. I'm very grateful for everything she had done to me, and also thank you for help me so I can continue my study to higher level.
6. Fangshan Team (Shabirin, Alwi, Jerrel) as my true friends and team that fight together for 2 years long at Nanjing Xiaozhuang University.
7. Thanks for Ade Sulaeman, Ahmad Djunaedi, Adrian, Wisnu Jati, Angger Gilang, Evan Novian, Aulia Ayu, Putri Puspita, Rosita Sari, Suryani, Petty as my great team at KB Corp.
8. Fellow classmates in Nanjing and Jakarta, and my juniors for their support, I really appreciate for believing me.
9. Last but not least, those who cannot be mentioned one by one, who have helped and support the author to finish this thesis.

Hopefully God always bless those mentioned above and all their sacrifice becomes their merciful deeds to help them gain a success in their future life. The author realizes that thesis is far from being perfect and there are shortcomings in the writing of this thesis due to time constraints. Nevertheless, the authors have attempted to create a final project that can be useful for writers and readers.

# Esa Unggul

Therefore, any constructive criticism and suggestion will be gladly accepted. Finally, it is expected that this thesis will be beneficial for the readers.
