

## ACKNOWLEDGEMENT

First of all I would like to thank the Almighty God for all His blessing, grace and guidance that enabled me to accomplish the writing of this thesis.

I had considerable help and support in composing this thesis. It would not have been possible without the effort of my lecturers and friends.

I want to express my appreciation to my promoters : Mr. Reynaldo V Abaya and Mr. M.D Soetisna for their kindly advice and assistance in completing this thesis.

Also my great thankfull to Mr. Suhartono, the chief of Perhutani Randublatung and Mr. Ir. Suhendra, President Director PT. Kayu Pratama Indonesia (KAPINDO), Tangerang, who spent much of their time for discussions, gave me support also allowed me to see the production process.

Finally, words can not express my deepest thanks to my parents, brother and also my girl friend for their guidance, support and allowing me to pursue my dream.
