

ACKNOWLEDGEMENT

This thesis is written as a final assignment to obtain the Magister Management Degree from the Indonusa Esa Unggul University, Jakarta.

I want to express my deep appreciation to the following :

- R.M. Talib Puspokusumo, S.H. Ph.D., who has shared his expertise in guiding me properly.**
- Ir. Son Damar, M.Sc., Ph.D., for his suggestion to enhance the final output.**
- All of the Administration staff in the Faculty of Magister Management, for their advice and support.**
- Mr. Djoni Sukohardjo, for his approval on analysing PT. Indometal Sedjati Enterprise Ltd.**
- To all the respondents in this study, who were willingly to share their time with me.**
- To my brother and sister, who have given me endless input and to both of my parents who have always been there for me.**

Finally, my gratitude to all of my friends who had not been mentioned above but had contributed their support in helping me with the writing of this thesis.
