

ABSTRAK

ELANG ROCHIMAT, *Evaluasi Program Penanggulangan Penganggur dan Penduduk Miskin di Kabupaten Sumedang melalui Program JPS PDM-DKE* (dibimbing oleh Dicky Saromi).

Studi ini bertujuan untuk mengetahui tentang program penanggulangan penganggur dan penduduk miskin sebagai dampak krisis ekonomi dengan terjadinya kemunduran di berbagai kegiatan sosial ekonomi seperti terganggunya kegiatan produksi, distribusi dan konsumsi. Program PDM-DKE merupakan salah satu kebijakan Pemerintah yang bersifat strategis. Berdasarkan pengamatan didalam operasionalnya ternyata masih bersifat sentralistik, sehingga sangat berpengaruh terhadap kualitas pelaksanaan musyawarah desa sebagai wacana dalam mengembangkan proses demokratisasi pembangunan di daerah.

Keberhasilan sasaran program PDM-DKE sebagai hasil akhir kebijaksanaan (*policy outcomes*) sangat ditentukan oleh sumber daya manusia pengelola program, baik pada tahapan aspek perencanaan, pelaksanaan, maupun pengelola modal usaha ekonomi produktif serta implementasi program.

Hasil penelitian menunjukkan terdapat peranan sumber daya manusia TPKd/k dan Pokmas, dan pengelola modal usaha ekonomi produktif serta implementasi program PDM-DKE terhadap penanggulangan penganggur dan penduduk miskin.

ABSTRACT

ELANG ROCHIMAT, *Evaluation Program Overcoming of Unemployment and Poor Population in Kabupaten Sumedang of JPS PDM-DKE Program* (Supervised by Dicky Saromi).

The study aims at finding out program overcoming of unemployment and poor population caused by the economic crisis affecting on decreasing of various social economic activities, such as activities of production, distribution and consumption. The PDM-DKE program is one of strategic policy offered by goverment. Based on the research, the program mentioned above, in fact is implemented so centralize that it influences on the quality of implementation of the local community meeting as on organization to develop the process of democratic development at the local level.

The success of the PDM-DKE program as policy outcomes is determined by the human resources functioning as program manager not only at planning level, although managing level the productive economic capital and also influence program.

The result of the study indicates that there is the human resources of TPKd/k an local community organization, and manager of productive economic capital and also influence the PDM-DKE program and the overcoming of unemployment an poor population.
