Tujuan penelitian ini adalah untuk mengetahui apakah terdapat Pengaruh kesadaran akan tanggung jawab auditor terhadap komitmen profesionalisme auditor, independensi auditor terhadap komitmen profesionalisme auditor dan penugasan audit terhadap komitmen profesionalisme auditor. Seberapa sebesar pengaruh kesadaran akan tanggung jawab auditor, independensi auditor dan penugasan audit terhadap komitmen profesionalisme auditor.

Sampel penelitian ini adalah 100 auditor dari 40 Kantor Akuntan publik di Jakarta dan menggunakan metode *purposive sampling* dan Tabel Taroyamane . Hipotesis dalam penelitian ini diuji dengan menggunakan uji T dan regresi berganda.

Hasil pengujian uji T menunjukan bahwa kesadaran akan tanggung jawab auditor berpengaruh terhadap komitmen profesionalisme auditor, independensi auditor berpengaruh terhadap komitmen profesionalisme auditor dan penugasan audit tidak berpengaruh terhadap komitmen profesionalisme auditor. Berdasarkan uji regresi berganda besar pengaruh kesadaran akan tanggung jawab auditor, independensi auditor dan penugasan audit terhadap komitmen profesionalisme auditor sebesar 58,6 % .

Temuan peneliti dalam penelitian ini Auditor Akuntan Publik dalam menjalankan kesadaran akan tanggung jawab dan independensi masih berdasarkan aturan pemerintah atau regulator bukan atas dasar diri sendiri dalam menjalankan tugas auditingnya. Hal ini terlihat dari hasil penelitian jawaban auditor dalam menjawab pertanyaan rata- rata lebih mementingkan pemerintah dan masyakat luas.

Dalam membangun komitmen profesionalisme auditor yang perlu dibangun pertama sikap kepercayaan diri dan sikap mental auditor dalam menjalankan independensi dan kedua integritas dan kepentingan publik dalam memenuhi akan tanggung jawab profesi.

Kata kunci: Komitmen profesionalisme auditor, kesadaran akan tanggung jawab auditor, independensi auditor dan penugasan audit

ABSTRACT

Increase confidence and stance auditor always acting for publik interest

The purpose of this Research was to determine whether there Effect awareness of the auditor's responsibilities to the auditor's professional commitments, auditor independence to the auditor's professional commitments and audits the auditor's professional commitments. How much influence the awareness of the responsibilities of auditors, auditor independence and audit the auditor's professional commitments.

The sample was 100 auditors from 40 Public Accounting Office at Jakarta and using purposive sampling method and Taroyamane table.. The hypothesis of this research were tested using T test and a multiple regression.

The test results showed the T test that awareness of the auditor's responsibilities affect the professional commitment of auditors, auditor independence affect the auditor's professional commitment and the audit assignment does not affect the auditor's professional commitments.Based on multiple regression test the influence of awareness of the responsibilities of auditors, auditor independence and audit the auditor's professional commitments amounted to 58.6%.

The findings in this research Public Accountant Auditor in conducting awareness of responsibility and independence is still based on the rules of the government or the regulator is not on the basis of self in performing their duties auditing. It is seen from the results of research in the auditor response answered questions mean more concerned with the government and society at large. In building the auditor's professional commitments that need to be built first attitude and stance auditors confidence in running both the integrity and the independence and public interest in meeting the responsibilities of the profession.

Keywords: the auditor's professional commitment, awareness of the responsibilities of auditors, auditor independence and audit
