**Marketing ethics & society/2015****Author:** Lynne Eagle, Stephan Dahl**No. Class:** 174.4 EAG m

Description: This book examines specific aspects of marketing activities, such as ethical considerations in relation to young consumers, potentially harmful products and criticism of the societal impact of medical, arts and tourism marketing activities. It then combines these with wider discussions of frameworks that enable marketers to respond to ethical challenges, supplemented by discussions of cross-cultural and international perspectives, consumer responses and ethical consumption movements as well as shifting historical perceptions of marketing ethics.

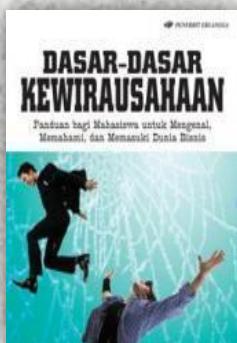

**Change management : a guide effective implementation 4th edition/2016****Author:** James MacCallum, Robert A. Paton, Sabina Siebert**No. Class:** 658.406 MAC c

Description: Now a classic in its field, the fourth edition of Change Management: a guide to effective implementation continues to offer readers highly practical strategies and step-by-step guidance for applying different models of change in different organizational scenarios. New to the Fourth Edition: A third expert author, Sabina Siebert, bringing a background in sociology and cultural studies. An improved structure that consolidates all the existing strengths of the previous editions and separates the book into three parts, beginning with chapters assessing 'The Impact and Definition of Change', 'Implementation and Evaluation of Change' and ending with a critical outlook in 'Change Management – A Critical Perspective'.

**Ethics theory & business practice/2015****Author:** Mick Fryer**No. Class:** 174.4 FRY e

Description: In his ground-breaking new textbook, Mick Fryer offers students of Business Ethics clear explanations of a range of theoretical perspectives, along with examples of how these perspectives might be used to illuminate the ethical challenges presented by business practice. The book includes: Realistic scenarios which gently introduce a theory and demonstrate how it can be applied to a real-life ethical dilemma that everyone can relate to, such as borrowing money from a friend

Real organisational case studies in each chapter which illustrate how each theory can be applied to real business situations. Cases include Nike, Coca Cola, BMW, Shell, Starbucks and GSK

This text is comprehensive, practical, and presents balanced coverage of both qualitative and quantitative material.

[**Multivariate data analysis 7th edition : Pearson new international edition/2014**](#)

Author: Joseph F. Hair, William C. Black, Barry J. Babin, Rolph E. Anderson

No. Class: 519.535 HAI m

Description: For over 30 years, this text has provided students with the information they need to understand and apply multivariate data analysis.

Hair et. al provides an applications-oriented introduction to multivariate analysis for the non-statistician. By reducing heavy statistical research into fundamental concepts, the text explains to students how to understand and make use of the results of specific statistical techniques.

In this seventh revision, the organization of the chapters has been greatly simplified. New chapters have been added on structural equations modeling, and all sections have been updated to reflect advances in technology, capability, and mathematical techniques.
