

## ABSTRACT

Title : MEDICAL RESUME COMPLETION ANALYSIS IN dr. ABDUL AZIZ SINGKAWANG HOSPITAL  
Name : ISWADI  
Study Program : Programme of Study in Medical Records and Health Information, Faculty of Health Sciences, Esa Unggul University

This Scientific Paper discusses the Analysis of the Completeness of the Medical Resume in RSUD dr. Abdul Aziz Singkawang. According to RI Law No. 44 of 2009, One of the quality of services in hospitals is the quality of data on medical records. Medical record data in health services will be turned into information.

Based on the results of preliminary studies in the medical records section of RSUD dr. Abdul Aziz Singkawang conducted on August 8, 2019, filling in the Medical Resume sheet, Is the Patient's Identity filled in 95%, Important Reports 90%, Authors Authentication 95%, Good Notes 83%. From 30 medical records files, an average yield of 93% was obtained. The problem in this study is "What percentage of completeness of filling medical resumes at Regional General Hospital dr. Abdul Aziz Singkawang, West Kalimantan.

The purpose of this study was to determine the percentage of completeness of filling medical resumes at the Regional General Hospital dr. Abdul Aziz Singkawang, West Kalimantan.

Based on this background, the authors are interested in conducting a Medical Resume Completeness Analysis research at RSUD dr. Abdul Aziz Singkawang in 2019. The type of research used in this study was descriptive with a qualitative approach and using quantitative data. Object samples in this study researchers took 82 sheets of medical resumes in January to June 2019.

Based on the results of a Quantitative Analysis in August of 82 medical record files, especially medical resume sheets at the Regional General Hospital dr. Abdul Aziz Singkawang, obtained the results of quantitative analysis showed the overall completeness percentage of 82 files was 95.53%, while the lowest was a Good Record, It showed a figure of 86.9%.

It is recommended to the Medical Records Committee to Re-Socialize the Good Records. Especially there are no blank sections. Hold socialization to officers such as nurses, doctors, medical recorders to know the importance of filling out a medical resume completely.
