

## ABSTRACT

Name : Miya Vellagia Pratiwi  
Study Program : Diploma degree (D-III) Medical Records and Health Information  
Title : Review of Fulfillment Completion of Professional Credit Units for Renewal of Medical Registration Certificate and Health Information In Jakarta General Hospital of Friendship Center Year 2017

Registration Certificate, hereinafter abbreviated as STR, is written evidence given by the government to Medical Recorders and Health Information who already have competence certificate in accordance with the provisions of legislation. To obtain 25 Credit Units (SKP) and the requirement to extend STR, Medical Recorders and Health Information (PMIK) can participate in training, seminars, workshops, workshops that have value of Professional Credit Unit (SKP) to complete the requirement to extend STR. If not fulfilled 25 Credit Unit Profession (SKP) then it can be done by updating evaluation ability. Capacity evaluation is a process to measure knowledge, skills and attitudes in accordance with the standard of Medical Record and Health Information (PMIK). Based on this, the researcher conducted research on the achievement of SKP for the extension of STR in Friendship Hospital in 2017. This research was conducted to know the achievement of the fulfillment of the Professional Credit Units for the Renewal of Medical Record Registration and Health Information in Friendship Hospital Jakarta. The research started from July 2017. The research method used is a descriptive method that describes the completeness of SKP PMIK fulfillment by using each individual PMIK portfolio. Researchers took samples of 45 studied. Of the total 45, which has had STR as many as 40 people and 5 people are in the process of making STR. Achievement of fulfillment of Professional Credit Units in the period of validity of STR that has been exhausted in 2017 that has reached > 25 SKP amounted to 6 people (13.33%), 15-25 SKP amounted to 1 person (2.2%) and that <15 SKP 1 person (2.2%). It can be concluded that Jakarta General Hospital Persahabatan Central, especially in Health Information Management Installation which expired in 2017 amounted to 8 people and there are 2 people who have not qualified for the extension of Registration Certificate. Constraints faced by PMIK in collecting SKP is the difficulty of getting permission from superiors dikarekan number of human resources in the service is still lacking. Hospital leaders should increase the number of human resources in the outpatient service, emergency intensive care, and griya pusa.
