

## Universitas Esa Unggul

### Daftar Istilah

|           |                                      |
|-----------|--------------------------------------|
| ADT       | : Android Development Tool           |
| AVD       | : Android Virtual Device             |
| API       | : Application Programming Interface  |
| CPU       | : Central Processing Unit            |
| DVM       | : Digital Virtual Machine            |
| Email     | : Electronic Mail                    |
| FTP       | : File Transfer Protocol             |
| GNU-Linux | : Gnu's Not Unix                     |
| GPIO      | : General Purpose Input Output       |
| GPRS      | : General Package Radio Service      |
| GPU       | : Graphic Processing Unit            |
| GSM       | : Global System For Mobile           |
| GUI       | : Graphical User Interface           |
| I/O       | : Input/Output                       |
| IDE       | : Integrated Development Environment |
| IT        | : Information Of Technology          |
| JSON      | : Javascript Object Notation         |
| JVM       | : Java Virtual Machine               |
| LAN       | : Local Area Network                 |
| MiB       | : Management Information Base File   |
| OS        | : Operating System                   |
| PC        | : Personal Computer                  |
| PDA       | : Personal Digital Assistant         |
| PHP       | : Hypertext Preprocessor             |
| RAM       | : Random Access Memory               |

|      |                              |
|------|------------------------------|
| RC   | : Rivest Code                |
| ROM  | : Read Only Memory           |
| SDIO | : Secure Disk Input Output   |
| SDK  | : Software Development Kit   |
| SMS  | : Short Message Service      |
| SSL  | : Secure Socket Layer        |
| UI   | : User Interface             |
| UML  | : Unified Modeling Language  |
| WWW  | : World Wide Web             |
| XP   | : Extreme Programming        |
| XML  | : Extensible Markup Language |
