

## PREFACE

My greatest thanks go to Heavenly Father, Jesus Christ for His grace and blessings upon me so I could finished this research right in time. My sincere thanks to my parents and also sister. Your unconditional love and support would be none to beat.

This thesis titled **“The Impact of Demographic to Quality of Work Life and Work Life Balance (An Empirical Study of Male and Female Workers in Jakarta and Tangerang).**

Surely, this research will not come to the end if the researcher only depends on herself. Therefore, in this section the researcher would like to thank some people for their contribution so this research can be done.

1. The writer would like to thank Dr. Ir. Arief Kusuma A.P.,MBA as the Chairman of Universitas Esa Unggul for a good chance to have my education in Universitas Esa Unggul.
2. I also present my thanks to Dr. MF Arrozi A, SE, M.Si, Akt., CA as Dean of Faculty of Economics and Business.
3. I would like to thank Drs. Sugiyanto, MM as Head of Management Program
4. I am extremely grateful to have DR. Rina Anindita, SE., MM as my mentor in making of this thesis. Her patient, caring and support really

helped me a lot in making this research and to boost my confidence at my best.

5. My big thanks to Prof. DR. Lia Amalia as my Academic Mentor through my study until the last semester.
6. Special thanks to all Economics lecturers for all knowledge that they gave during the researcher's study.
7. Huge thanks to my clique: Felicia, Sisca, and Julius Salim. Thank you for your support and guidance. Your kind support is indeed priceless.
8. Big thanks to Sisterhood and The Fabulous Us ganks. Thank you for your support. Dream is always far but anything starts from one step.
9. Big thanks to all my friends in Economics Faculty. Your friendliness has helped me to get through every obstacle that I faced.
10. Last but not least, I would like to express my gratitude for every one who has helped me during this research that I could not mention by names.

In the end, I hope this thesis can be useful for anyone who wants to do a research with a similar object. Also, may this thesis can be a good source of knowledge for every reader.
