

## ACKNOWLEDGEMENTS

First and foremost, I must acknowledge my limitless thanks to Allah, the Ever-Magnificent; the Ever-Thankful, for His help and bless. I am totally sure that this work would have never become truth, without His guidance

I would like to express my wholehearted thanks to my Father and My Mother, my little sister, and my family for their generous support they provided me throughout my entire life and particularly through the process of pursuing the bachelor degree in Esa Unggul University and Nanjing Xiaozhuang University. Because of their unconditional love and prayers, I have the chance to complete this thesis.

In the writing of this thesis, I also would like to thank the various parties that have given guidance and support in writing this thesis, because without their support the writing of this thesis will not be completed. For that, the author would say thank you so much to:

1. Ni Zhen Laoshi and Dr. Gerry Firmansyah, S.T, M.Kom as my advisors, who read my numerous revisions and helped me from the beginning till the completion of the thesis. I am fortune to have two advisors who always provide me guidance and support.
2. Mrs. Sophie Mou as my mother in Nanjing, who always there to listen, give me spirit and give me advice until the end of my study. I'm very grateful for everything she had done to me, and also thank you for helping me for two years in Nanjing.
3. Dr. Fransiskus Adikara S. Kom, M. MSI as head international office in Esa Unggul University.
4. My Roommate (Zaen, Rahman), IT Squad (Anderies, Amel, Rahman, Zaen), Support Team (Iim & Riesa) fellow classmates in Nanjing, and my juniors who endured this long process with me, always offering support and love.
5. Last but not least, those who cannot be mentioned one by one, who have helped and support me to finish this thesis.
