Nama : Bustani Anggit Nugroho  
Program Studi : Kesehatan Masyarakat  
Judul : Analisis Implementasi *Contractor Safety Management System* (CSMS) pada tahap pelaksanaan di PT. Multikarya Asia Pasifik Raya pada proyek PT. Pertamina EP Asset 3 Field Jatibarang Tahun 2019.

*Contractor Safety Management System* merupakan dokumen standar yang dibutuhkan baik bagi kontraktor sebagai pemberi kerja maupun dari sisi mitra kerja sebagai penyedia tenaga kerja tujuannya agar sistem bisa berjalan dan angka kecelakaan kerja bisa diturunkan (PT. Pertamina EP, 2011). Menurut evaluasi perusahaan pada penilaian berjalan diduga hasil penilaian evaluasi sementara yang menurun pada bulan Januari, Februari dan bulan Maret 2019 adalah kurangnya konsistensi dari para pekerja baik dari aspek Inspeksi HSE dan Program Implementasi HSE *Plan*. Tujuan penelitian menganalisis implementasi CSMS pada tahap pelaksanaan di PT. Multikarya Asia Pasifik Raya pada proyek PT. Pertamina EP Asset 3 Field Jatibarang Tahun 2019 melibatkan karyawan yang mengetahui proses CSMS dengan metode penelitian kualitatif. Berdasarkan hasil penelitian diketahui bahwa perlu dilakukan sosialisasi kembali terhadap personil yang belum mengerti peran dan tanggung jawabnya dalam melakukan implementasi HSE, ketegasan dari supervisor masih sangat kurang, tidak adanya personil HSE di area pekerjaan tersebut juga menjadi masalah dalam proses pengawasan pekerja dan dokumentasi-dokumentasi program yang telah disepakati pada HSE *Plan*. Saran kepada perusahaan *refresh* sosialisasi atau *briefing* tentang *checklist* pemeriksaan inspeksi HSE terhadap personil dan program implementasi HSE *Plan* yang telah disepakati antara *user* dan kontraktor sebelum pekerjaan dimulai, perlunya pengawasan yang lebih konsisten oleh *supervisor* kepada para personil

Kata kunci : ***Contractor Safety Management System*, Penilaian Berjalan, Evaluasi Sementara.**

## ABSTRACT

*Nama* : *Bustani Anggit Nugroho*

*Program Studi* : *Public Health*

*Judul* : *Analysis of the implementation of the Contractor Safety Management System (CSMS) at the implementation stage at PT. Multikarya Asia Pasifik Raya on the PT. Pertamina EP Asset 3 Jatibarang Field in 2019*

*CSMS is a document the required standards better for contractors in an employer as well as between the the side of a partner of the as the insurer of the on the workforce for individuals the aim is to the venomous system takes a walk and then the number of work accident can be lowered (PT. Pertamina EP, 2011). According to a subsidiary to us company evaluations of the restructurization of assumed to proceeds of the assessment of which had tended to fall January, February and March 2019 is the lack of the consistency of the multitude the country working essentially and perfectly morally good from the aspect of HSE inspection and his controversial reform program the implantation of the HSE plan. Research objectives analyzed the hour by hour the implantation of the CSMS during the preparatory phase of the implementation of the in reinsurance firm PT. Multikarya Asia Pasifik Raya pada proyek PT. Pertamina EP Asset 3 Field Jatibarang Tahun 2019 involving employee who know the correct process CSMS and qualitative research was conducted. Based on the research suggests that needs to be done on the back against personnel who did not understand the roles and responsibilities in conducting the HSE, firmness of supervisor is very weak, no personnel HSE in the area that work is also became a problem in the supervision of workers and document program that has been prepared in the HSE plan. Advice to the company refreshed a briefing about the socialization or checklist HSE examination inspection programs and personnel to the HSE plan agreed between user and contractors before work began, the need to create a more consistent by supervisor to the personnel*
