HALAMAN PERSETUJUAN PUBLIKASI KARYA ILMIAH ........................................ iv
KATA PENGANTAR ..................................................................................................... v
ABSTRAK ..................................................................................................................... vii
ABSTRACT ................................................................................................................... vii
DAFTAR ISI .................................................................................................................. viii
DAFTAR TABEL ........................................................................................................... xi
DAFTAR GAMBAR ........................................................................................................ xii
DAFTAR SIMBOL .......................................................................................................... xvi

BAB 1 PENDAHULUAN ............................................................................................... 1
  1.1 Latar Belakang ....................................................................................................... 1
  1.2 Identifikasi Masalah .............................................................................................. 2
  1.3 Tujuan Tugas Akhir ............................................................................................. 3
  1.4 Manfaat Tugas Akhir .......................................................................................... 3
  1.5 Lingkup Tugas Akhir ........................................................................................... 4
  1.6 Kerangka Berpikir ............................................................................................... 4
  1.7 Sistematika Penulisan Tugas Akhir .................................................................... 6

BAB 2 TINJAUAN PUSTAKA ......................................................................................... 7
  2.1 Definisi Perancangan ......................................................................................... 7
  2.2 Definisi Aplikasi ................................................................................................ 8
  2.3 Definisi Pelaporan After Sales .......................................................................... 9
  2.4 Definisi Marketing ............................................................................................... 9
  2.5 Definisi Web ....................................................................................................... 10
  2.6 Pemodelan Diagram ........................................................................................... 11
    2.6.1 Diagram UML (Unified Modeling Language) ............................................. 11
| 2.6.1.1 Use Case Diagram                           | 12 |
| 2.6.1.2 Class Diagram                              | 13 |
| 2.6.1.3 Activity Diagram                           | 13 |
| 2.6.1.4 Sequence Diagram                           | 15 |
| 2.6.1.5 Communication Diagram                     | 15 |
| 2.6.1.6 Component Diagram                          | 16 |
| 2.6.1.7 Deployment Diagram                         | 17 |
| 2.6.1.8 Object Diagram                             | 17 |
| 2.6.1.9 Package Diagram                            | 18 |
| 2.6.2 Diagram Fishbone                             | 19 |
| 2.7 Analisis SWOT (Strength, Weakness, Opportunity, Threat) | 19 |
| 2.8 Paradigma Waterfall                            | 21 |
| BAB 3 METODE                                       | 23 |
| 3.1 Rencana Penelitian                             | 23 |
| 3.2 Obyek Penelitian                               | 24 |
| 3.3 Teknik Pengumpulan Data                        | 25 |
| 3.3.1 Survei                                       | 25 |
| 3.3.2 Studi Pustaka                                | 25 |
| BAB 4 HASIL DAN PEMBAHASAN                         | 28 |
| 4.1 Data Hasil Penelitian                          | 28 |
| 4.2 Pembahasan Hasil Penelitian                    | 29 |
| 4.2.1 Pemodelan Diagram                            | 31 |
| 4.2.1.1 Diagram UML (Unified Modeling Language)    | 31 |
| 4.2.1.1.1 Use Case Diagram yang Diusulkan          | 31 |
| 4.2.1.1.1.1 Use Case Descriptions yang Diusulkan   | 33 |
| 4.2.1.1.2 Class Diagram yang Diusulkan             | 40 |
| 4.2.1.1.3 Activity Diagram yang Diusulkan          | 41 |
| 4.2.1.1.4 Sequence Diagram yang Diusulkan          | 46 |
| 4.2.1.1.5 Communication Diagram yang Diusulkan     | 52 |
| 4.2.1.1.6 Component Diagram yang Diusulkan         | 52 |
| 4.2.1.1.7 Deployment Diagram yang Diusulkan        | 53 |
| 4.2.1.1.8 Object Diagram yang Diusulkan            | 54 |
4.2.1.1.9 Package Diagram yang Diusulkan ........................................... 54
4.2.1.2 Diagram Fishbone ........................................................................ 55
4.3 Analisis Data ....................................................................................... 57
4.4 Metode Pengembangan Sistem / Software .......................................... 59
  4.4.1 Analisis Kebutuhan Perangkat Lunak ............................................. 59
    4.4.1.1 Proses Bisnis Aplikasi ............................................................. 59
    4.4.1.2 Prosedur Pelaporan ................................................................. 59
    4.4.1.3 Fitur Aplikasi ........................................................................... 59
  4.4.2 Desain Aplikasi .............................................................................. 61
    4.4.2.1 Kerangka Antarmuka Pengguna (User Interface Framework) ... 61
    4.4.2.2 Struktur Basis Data ................................................................. 70
  4.4.3 Proses Pengkodean Aplikasi ......................................................... 73
  4.4.4 Proses Pengujian Aplikasi ............................................................. 73
    4.4.4.1 Unit Testing ............................................................................. 73
  4.4.5 Implementasi Aplikasi ................................................................. 75
4.5 Perbandingan dengan Penelitian Lain ................................................ 88
BAB 5 KESIMPULAN DAN SARAN ........................................................... 91
  5.1 Kesimpulan ....................................................................................... 91
  5.2 Saran ............................................................................................... 91
