DAFTAR ISI .................................................................................................................. x
DAFTAR TABEL ......................................................................................................... xv
DAFTAR LAMPIRAN ................................................................................................. xvi

BAB I PENDAHULUAN
A. Latar Belakang Masalah ............................................................................... 1
B. Identifikasi Masalah ....................................................................................... 9
C. Tujuan Penelitian .......................................................................................... 10
D. Manfaat Penelitian ....................................................................................... 11
E. Kerangka Berpikir ......................................................................................... 12

BAB II TINJAUAN PUSTAKA
A. Optimisme
   1. Pengertian Optimisme ............................................................................. 18
2. Aspek-aspek dalam Optimisme .......................................................... 19
   a. Learned to be helpless ................................................................. 20
   b. Explanatory Style ................................................................. 20
      b.1. Permanence ................................................................. 21
      b.2. Pervasiveness ................................................................. 22
      b.3. Personalization ................................................................. 23
3. Faktor yang mempengaruhi Optimisme........................................... 24
4. Manfaat Optimisme........................................................................ 26
5. Karakteristik Individu yang memiliki Optimisme Tinggi............... 27

B. Single Parent
1. Pengertian Single Parent ................................................................. 30
2. Penyebab Seseorang menjadi Single Parent ........................................ 31
3. Single Parent dalam Masyarakat...................................................... 33
4. Peran Ganda Wanita Single Parent ...................................................... 34

C. Tanggung jawab
1. Pengertian Tanggung jawab............................................................... 35
2. Wujud Tanggung jawab Orangtua terhadap Anak................................. 35
   a. Mengasihi ................................................................................. 36
   b. Mencukupi Kebutuhan Anak ......................................................... 36
   c. Mendidik .................................................................................... 37
BAB III METODE PENELITIAN

A. Rancangan Penelitian ................................................................................. 38
B. Subjek Penelitian........................................................................................ 39
C. Prosedur Pelaksanaan Penelitian
   1. Tahap Persiapan .................................................................................. 40
   2. Tahap Pelaksanaan .............................................................................. 41
   3. Alat Pengumpulan Data ....................................................................... 42
D. Teknik Pengumpulan Data
   1. Metode Pengumpulan Data teknik ...................................................... 43
E. Pengolahan Data ....................................................................................... 47
F. Isu Etis........................................................................................................ 49

BAB IV HASIL DAN ANALISA

A. Proses penjalinan raport dengan subjek penelitian .............................. 50
B. Gambaran Subjek Penelitian I (A)
   1. Identitas Subjek ................................................................................... 54
   2. Latar Belakang kehidupan Subjek ...................................................... 55
   3. Gambaran Optimisme pada Subjek A ............................................... 58
   4. Wujud Tanggung Jawab Subjek dalam Pemenuhan Hak Anak........... 72
   5. Hasil Kesimpulan Optimisme Subjek I (A) ........................................ 76
C. Gambaran Subjek Penelitian II (L)
   1. Identitas Subjek ................................................................................... 82
2. Latar Belakang kehidupan Subjek ...................................................... 83
3. Gambaran Optimisme pada Subjek L ............................................... 86
4. Wujud Tanggung Jawab Subjek dalam Pemenuhan Hak Anak ........ 97
5. Hasil Kesimpulan Optimisme Subjek II (L) ................................. 100

D. Gambaran Subjek Penelitian III (D)
1. Identitas Subjek ............................................................................... 106
2. Latar Belakang kehidupan Subjek ................................................. 107
3. Gambaran Optimisme pada Subjek D .......................................... 110
4. Wujud Tanggung Jawab Subjek dalam Pemenuhan Hak Anak ..... 123
5. Hasil Kesimpulan Optimisme Subjek III (D) ............................... 127

E. Analisa Gambaran Optimisme pada Subjek I, II dan III.............. 133

BAB V SIMPULAN DAN SARAN

A. Simpulan ............................................................................................. 138

B. Saran ................................................................................................... 141
1. Saran untuk Subjek ......................................................................... 141
2. Saran untuk Suami .......................................................................... 143
3. Saran untuk Calon Pasangan Suami Isteri ................................. 144
4. Saran untuk Keluarga .................................................................... 145
5. Saran untuk Masyarakat pada Umumnya ................................... 146
6. Saran untuk Peneliti Lainnya ....................................................... 147
Daftar Pustaka ........................................................................................................... 149
Lampiran ..................................................................................................................... 151
