

## **ABSTRACT**

**Title** : *The Influence of Religiosity, Nationalism, and the Tax Amnesty Program Against Personal Taxpayer Compliance.*

**Name** : *Weli Setiono*

**Study Program** : *Bachelor of Accounting*

*This study aims to analyse the Effect of Religiosity, Nationalism, and Tax Amnesty Program Towards Compliance of Individual Taxpayers registered at the West Jakarta Regional Tax Office. The number of samples used in this study were 100 (one hundred) respondents with the sampling method was purposive sampling. Data collection is done by distributing questionnaires directly or by Google form and then processing the data through the SPSS Statistics program version 24. The results of this study indicate that religiosity has a negative effect on personal taxpayer compliance, nationalism attitude has a positive effect on compliance of individual taxpayers and the tax amnesty program has no significant effect.*

**Keyword** : *Religiosity, Nationalism, Tax Amnesty Program, Compliance of Individual Taxpayers.*
