

## ACKNOWLEDGMENTS

Alhamdulillah rabil'alamin, the author expresses his highest gratitude to Allah Subhanahu wa ta'ala for blessing, love, opportunity, health, and mercy to complete this thesis. This thesis entitled "Developing Mobile Application Guide Map for Foreigner in Nanjing based on Android Operating System" is submitted as the final requirement in accomplishing undergraduate degree at Computer Science, Nanjing Xiaozhuang University. In arranging this thesis, a lot of people have provided motivation, advice, and support for the author. In this valuable chance, the author intended to express his gratitude and appreciation to all of them. First, the author's deepest appreciation goes to her beloved parents, her mother for the endless love, pray, and support and her father for the remind me to keep going and never giving up.

The author present her sincere appreciation to Zhen Zhang Wei as the dean of Software engineering Nanjing Xioazhuang University. Also this thesis would not have been possible without the help, support and patience of my advisor Ming Zi Zheng for his supervision, advice, and guidance from the very early stage of this research as well as giving me extraordinary experiences throughout the past few years.

I am very grateful to have some close friends who always support me. The first appreciation goes to Dicky Ivan Setiawan, You are always a good listener for every problem I faced. Your opinions never stop surprise me and also allow me to see my problem from a different angle. I also want to express my beautiful partners Dhiya Nida Ulayya, Rizka Safirah Rahmannisa, Sabika Amalina who encourage me to finish this paper.

Finally, I would like to thank everybody who was important to the successful realization of this undergraduate thesis, This undergraduate thesis is far from perfect, but it is expected that it will be useful not only for the readers. For this reason, constructive thoughtful suggestion and critics are welcomed
