

## ABSTRAK

Judul	: Analisis Peran Auditor Internal: <i>Assurance, Consultant</i> dan <i>Anti Corruption Activity</i> dalam Pemeriksaan Bansos (Studi Kasus Auditor di Jakarta Barat)
Nama	: Nensi Evelin Katerina Senandi
Program Studi	: Akuntansi

Penelitian ini bertujuan menganalisis pengaruh Peran Audit Internal: *Assurance, Consultant* dan *Anti Corruption Activity* terhadap pemeriksaan bansos,

Metode yang digunakan adalah *purposive sampling*. Jumlah sampel yang digunakan adalah sebanyak 62 responden dan dihitung menggunakan rumus Slovin. Jenis data adalah data primer yang bersumber dari kuesioner yang diukur dengan skala *likert*, Metode analisis data yang digunakan adalah regresi linier berganda.

Hasil pengujian hipotesis menunjukkan bahwa secara simultan *assurance, consultant* dan *anti corruption activity* terhadap pemeriksaan bansos. Secara parsial *assurance* dan *anti corruption activity* berpengaruh positif terhadap pemeriksaan bansos. Sedangkan, secara parsial *consultant* tidak berpengaruh terhadap pemeriksaan bansos.

**Kata kunci** : *Assurance, Consultant, Anti Corruption Activity* dan Pemeriksaan Bansos.

## **ABSTRACT**

Title	: <i>Analysis of the Role of Internal Auditors: Assurance, Consultant, and Anti Corruption Activity in Bansos Examination (Case Study of Auditors in West Jakarta Barat)</i>
Name	: Nensi Evelin Katerina Senandi
Study Program	: Accounting

*This study aims to analyze the influence of the role of Internal Audit: Assurance, Consultant and Anti Corruption Activity on social assistance examinations.*

*The method used was purposive sampling. The number of samples used was 62 respondents and was calculated using the Slovin formula. The type of data is primary data sourced from a questionnaire measured by a Likert scale. The data analysis method used is multiple linear regression.*

*The results of hypothesis testing show that simultaneously assurance, consultant and anti-corruption activity on social assistance examinations. Partially assurance and anti-corruption activity have a positive effect on social assistance examinations. Meanwhile, consultants partially have no effect on social assistance examinations.*

*Keywords:* Assurance, Consultant, Anti Corruption Activity and Social Assistance Examination.
