

ACKNOWLEDGEMENTS

Praise and gratitude for the presence of the almighty God Allah SWT, for His blessings and grace, has given the author health, opportunity and knowledge so the author can complete this thesis well. As for the title of the thesis “Developing Mobile Application for Selling Food Needs in Covid-19 Pandemic”.

This thesis was prepared as one of the requirements for obtaining a Bachelor's degree in my double degree program at Esa Unggul University and Nanjing Xiaozhuang University. In the preparation of this thesis, there are not only a few obstacles that the authors face. The preparation of this thesis can run smoothly, apart from the guidance and support of various parties. For that the authors would like to thank all those who have helped, in particular:

1. The Author's parents and family who have provided material and moral assistance and support.
2. My advisor Mr. Habibullah Akbar, S.Si, M.Sc, Ph.D, Mr. Chen Chang Wei (陈长伟) and Mr. Li Qing (李青) who have big contribution and helped me from beginning until the completion of this final thesis assignment. I'm so thankful to have advisors who can guide me and support me.
3. Author lecturer both Esa Unggul University and Nanjing Xiaozhuang University who is not mentioned one by one however decrease respect researcher. Saying thank you because you give me an important lesson and knowledge that very useful.
4. Mrs. Shopie Mou, who always giving us advice and always able to help me through my study, until the end of my bachelor study.
5. Government of Boyolali that gave me this scholarship so that I can finish my Bachelor degree with double degree Esa Unggul University and Nanjing Xiaozhuang University.
6. Author's classmate IT in Jakarta and Nanjing, thank you for always stay beside me through thick and thin and endured this long process together with me.

7. My girls squad from Boyolali. Dinda Rendrasetya Hilmy, Elfia Indah Sari and Mustika Dewi Kurnianingtyas who always help me. Thank you, hope you will get more successful in life.

8. Last but not least, those who I can't mentioned one by one, without decreasing my gratitude, I feel thankful for everyone who have helped me and support me to finish this thesis.

May Allah SWT gives a better reward for those mentioned above, and all their sacrifice becomes theirs deed to help the achieve a successful life in the future. The author has tried her best as much as possible to complete this thesis, but the author realize that this is still far from perfect. Therefore, constructive criticism and suggestions is expected for the author. Hope this work is useful for us all.

Boyolali, 30 May 2021
