DAFTAR LAMPIRAN ................................................................................................. xvi

BAB I PENDAHULUAN ............................................................................................. 1

A. Latar Belakang ................................................................. 1
B. Rumusan Masalah .......................................................... 6
C. Tujuan Penelitian ............................................................ 6
   1. Tujuan umum ............................................................... 6
   2. Tujuan khusus ............................................................. 6
D. Manfaat Penelitian ......................................................... 7

BAB II TINJAUAN PUSTAKA .................................................................................. 8

A. Dismenorea ................................................................. 8
   1. Pengertian ................................................................. 8
   2. Jenis Dismenorea ...................................................... 9
   3. Derajat Dismenorea ................................................ 11
   4. Faktor Penyebab Dismenorea ......................... 14
   5. Upaya Mengatasi Dismenorea ...................... 16
B. Teknik Relaksasi .......................................................... 18
   1. Pengertian ................................................................. 18
   2. Jenis Teknik Relaksasi ........................................... 20
3. Tujuan Teknik Relaksasi ................ 21
4. Fisiologi Teknik Relaksasi Nafas Dalam Terhadap Penurunan Nyeri ........................................................ 21
5. Prosedur Teknik Relaksasi Nafas Dalam 22
6. Faktor-faktor Yang Mempengaruhi Teknik Relaksasi Nafas Dalam Terhadap Penurunan Nyeri ........................................................ 23
C. Kompres Hangat ...................................... 25
   1. Pengertian ...................................... 25
   2. Tujuan Kompres Hangat ............. 26
   3. Prosedur Pelaksanaan................. 26
   4. Fisiologi Kompres Hangat ........ 27
D. Kerangka Teori ..................................... 31

BAB III KERANGKA KONSEP, HIPOTESIS, DEFINISI OPERASIONAL ........................................................ 32
   A. Kerangka Konsep.......................... 32
   B. Hipotesis ........................................ 32
   C. Definisi Operasional ...................... 33

BAB IV METODOLOGI PENELITIAN ........................................................ 34
   A. Rancangan Penelitian..................... 34
   B. Populasi dan Sampel ...................... 34
   C. Tempat Penelitian .......................... 37
   D. Waktu Penelitian ............................ 37
   E. Etika Penelitian ............................. 38
   F. Alat Pengumpulan Data ................. 42
   G. Uji Validitas dan Reliabilitas ......... 42
      1. Uji validitas ............................... 42
      2. Uji reliabilitas ............................ 44
   H. Prosedur Pengumpulan Data .......... 44
   I. Pengolahan dan Analisis Data ...... 46
