

FOREWORD

Praise and gratitude the author prays for the presence of God Almighty for giving His blessings and gifts, so that the author can complete this final Thesis well. The title of writing the final Thesis report that the author presents is " E-Auction Based On Blockchain Technology Using Dapp Web-Based " can be completed on time.

The Final Project Proposal is intended to fulfill the requirements in making a Final Project for graduation and to achieve a Bachelor of Computer Science degree. Therefore, this proposal has been written by the author to the maximum to achieve the best proposal writing. The author did not do this alone, but with the help of various parties to facilitate the making of this proposal. For this reason, the author would like to thank all those who have helped the author in making this proposal, especially to:

1. The author's family who always provide motivation, prayers, and support to the author so that the author can complete the preparation of the Final Project.
2. Mr. Bambang Irawan S. Kom, M. Kom, as the author's Supervisor who has helped the author in completing the preparation of the Final Project well.
3. Mr. Muhamad Bahrul Ulum, S.Kom, M.Kom, as the Head of the Informatics Engineering Study Program.
4. Mr. Munawar as an Academic Supervisor who has guided the author during his studies at Esa Unggul University.
5. All lecturers and staff of the Faculty of Computer Science, which cannot be named one by one.
6. The other parties who cannot be mentioned one by one.

The author realizes that this Final Thesis still has shortcomings, therefore the author hopes for input and suggestions in the writing and development can still be done for the improvement of what the author made.

Hope that this Final Thesis can provide benefits and increase knowledge for various parties who read this Final Thesis.
