

Acknowledgement

All praise and thanks towards God Almighty, whom have blessed the author with His favor, allowing him to finish this thesis report, titled "Front-End Development of an Intermediaries System for Farmers and Consumers of Vanuatu" This report was written to satisfy one of the criteria for obtaining a Bachelor's degree in Software Engineering from Esa Unggul University, Informatics Engineering Study Program at the Faculty of Computer Science. As during writing of this report, the author understood that he'd never be able to write fluently without the support and encouragement of all parties. As a result, the author wishes to convey his gratitude to the following individuals:

1. Mr. IMAM SUTANTO, S.Kom, M.Kom as my supervisor for my Thesis.
2. Mr. MUHAMAD BAHRUL ULUM, S.Kom, M.Kom as Head of Informatics Engineering Study Program.
3. All Lecturers of the Faculty of Computer Science who have given their knowledge to the author during his lectures at Esa Unggul University.
4. Special Thank You to my parents whom have always provided motivation and support prayers and love that has been given to the author.

The author realizes that there are still shortcomings in writing this thesis report caused by the author's lack of knowledge regarding writing procedures on the Thesis. Therefore, the author expects constructive criticism and suggestions from various parties for the perfection of this Thesis.
