Education Background		
School	Place	Year
University	Faculty of Broadcasting, Indonusa Esa Unggul	2001 – 2004
	IPK 3,03	

Additional Information
Having successfully completed my college at Indonusa Esa Unggul ; I work in Metro TV for 10 years as a Producer. Mostly the TV programmes are about talkshow, magazine, and variety. Many programmes are exploring information of automotive, film, music, healthy, fashion and lifestyle. Not only valuable experiences and knowledges about technical in production, I also learns how to manage the cost of the production. During the time, I also learn technical support such as operating a broadcast camera like Panasonic DVX and Panasonic 2 or P2. I consider any type of programmes has it own peculiarities and have their respective challenges to be a good programme, qualified and promising.
