DAFTAR ISI

ABSTRAK ........................................................................................................ i
KATA PENGANTAR ................................................................................... ii
DAFTAR ISI ................................................................................................... iv

BAB I PENDAHULUAN

A. Latar Belakang ............................................................................................. 1
B. Perumusan Masalah .................................................................................. 3
C. Tujuan Penelitian .................................................................................... 4
D. Manfaat Penelitian .................................................................................. 4

BAB II TINJAUAN PUSTAKA

A. Kerangka Teori
   1. Pengertian Rekam Medis ...................................................................... 6
   2. Tujuan Rekam medis ............................................................................ 7
   3. Kegunaan Rekam Medis ...................................................................... 8
   4. Pengertian Lama Rawat (Length Of Stay) .......................................... 10
   5. Pengertian Demam Berdarah Dengue (DBD) ..................................... 13
   6. Lama hari Rawat Seorang Pasien DBD ............................................. 19
   7. Kelas Perawatan Pasien ..................................................................... 20
B. Kerangka Konsep ..................................................................................... 23
C. Definisi Operasional ............................................................................... 24
BAB III METODE PENELITIAN
A. Ruang Lingkup ........................................................................ 26
B. Tempat Dan Waktu Penelitian ................................................ 26
C. Metode Penelitian ................................................................. 26
D. Populasi Dan Sampel ............................................................. 27
E. Metode Pengumpulan Data ...................................................... 27
F. Teknik Analisa Data ............................................................... 28

BAB IV HASIL PENELITIAN
A. Gambaran Umum RSUP Persahabatan .................................... 29
B. Gambaran Umum Instalasi Manajemen Informasi Kesehatan
   RSUP Persahabatan .............................................................. 34
C. Hasil Penelitian ................................................................. 35

BAB V PEMBAHASAN
A. Kelas Perawatan di Rumah Sakit Umum Pusat Persahabatan ....... 39
B. Jumlah Pasien DBD Berdasarkan Kelas Perawatan ....................... 40
C. Identifikasi Lama Rawat Pasien DBD Berdasarkan Kelas Perawatan
   Kelas Perawatan ................................................................. 41

BAB VI PENUTUP
A. Kesimpulan .......................................................................... 43
B. Saran ..................................................................................... 43
