

## **ABSTRACT**

**DINA NOVYANA.** *The Influence of Economic Factors on a Federal Student Loan in China.* (supervisor by Mr. Adrie Putra, SE, MM, and Prof. Zhao Jiao).

This research aimed to determine whether low fixed interest and family economic factors affect the interests of the students to use federal student loan funds. Student loan system much in demands by the general public especially the students from the class of poor families to complete their studies with a fundamental guarantee. With the issue of student loans, students can solve problems during their school fees already insurmountable, but students should also be able to use as best as possible. Therefore, students choose the right student loans are Federal Student Loan, but many of the problems that will be encountered in its implementation.

Keyword: student loans, federal student loans, problems, implementation.
