							Total	

Keterangan

- NH (Normal Hour) adalah Total aktual jam kerja operator
- MP (Man Power) adalah jumlah operator
- DT (Down Time) adalah presentasi menganggur operator

Contoh

- Booked Time POS E
= 8 jam/hari x 5 hari x 4 minggu x 6 orang

= 960 Jam/bulan

- DT Punching
= (booked time -
normal time usage) /
total booked time

= (960 - 68) / 2080
= 42.88%

-37
-25
-62
