ABSTRACT .................................................................................................................. vii

DAFTAR ISI .................................................................................................................... viii

DAFTAR TABEL ......................................................................................................... xiv

DAFTAR GAMBAR ....................................................................................................... xv

DAFTAR LAMPIRAN ...................................................................................................... xvi

BAB I PENDAHULUAN

A. Latar Belakang ........................................................................................................ 1

B. Identifikasi dan Pembatasan Masalah ................................................................. 15

   1. Identifikasi Masalah......................................................................................... 15

   2. Pembatasan Masalah .................................................................................... 15

C. Perumusan Masalah .............................................................................................. 16
D. Tujuan Penelitian ................................................................................................. 16

E. Manfaat Penelitian ............................................................................................... 17

F. Sistematika Penulisan ......................................................................................... 18

BAB II TINJAUAN PUSTAKA

A. Signalling Theory ............................................................................................... 20

B. Pasar Modal ........................................................................................................... 23

C. Saham .................................................................................................................. 25

D. Harga Saham ......................................................................................................... 27

E. Informasi ................................................................................................................. 30

F. Laporan Keuangan ............................................................................................... 33

G. Rasio Keuangan ..................................................................................................... 36

   1. Rasio Profitabilitas ............................................................................................ 38

      a. Return Ons Asset ........................................................................................... 39

   2. Rasio Solvabilitas .............................................................................................. 40

      a. Capital Adequacy Ratio ................................................................................ 41

   3. Rasio Likuiditas .................................................................................................. 43

      a. Loan to Deposit Ratio ................................................................................... 45

H. Return Saham ....................................................................................................... 45

I. Penelitian Terdahulu ............................................................................................ 47

J. Kerangka Pemikiran Penelitian ........................................................................... 56
BAB III METODE PENELITIAN

A. Tempat dan Waktu Penelitian ................................................................. 59
B. Jenis Data dan Sumber Data .................................................................. 59
C. Populasi dan Sampel .............................................................................. 60
D. Metode Pengumpulan Data ................................................................... 62
E. Teknik Analisis Data .............................................................................. 62
   1. Uji Statistik Deskriptif .................................................................. 62
   2. Uji Determinasi ............................................................................. 63
   3. Uji Asumsi Klasik Dalam Regresi ................................................ 63
      a. Uji Normalitas ................................................................... 63
      b. Uji Multikolinearitas ........................................................ 64
      c. Uji heteroskedastisitas ...................................................... 65
      d. Uji Autokorelasi ................................................................ 65
   4. Uji Analisis Regresi ...................................................................... 66
F. Uji Hipotesis (Ha) ..................................................................................... 66
   1. Uji Parsial (Uji t) ................................................................. 66
   2. Uji Simultan (Uji f) ............................................................ 67
G. Definisi Operasional Variabel ................................................................. 67
   1. Variabel Independen ............................................................ 68
   2. Variabel Dependen ............................................................ 68
BAB IV GAMBARAN UMUM LOKASI PENELITIAN

A. Bursa Efek Indonesia (BEI) ................................................................. 70

B. Struktur Organisasi Bursa Efek Indonesia (BEI) ................................. 74

C. Klasifikasi Industri Perdagangan Saham di BEI ................................. 74

D. Perusahaan yang termasuk Industri Perbankan yang menjadi Subjek Penelitian ............................................................................................................. 76

1. Bank Agroniaga (AGRO) ............................................................ 76

2. Bank ICB Bumiputera (BABP) .................................................. 77

3. Bank Capital Indonesia (BACA) ................................................... 77

4. Bank Ekonomi Raharja (BAEK) .................................................. 78

5. Bank Central Asia (BBCA) ........................................................... 78

6. Bank Bukopin (BBKP) ................................................................. 79

7. Bank Negara Indonesia (BBNI) .................................................... 79

8. Bank Nusantara Parahyangan (BBNP) ........................................ 80

9. Bank Rakyat Indonesia (BBRI) .................................................... 80

10. Bank Tabungan Negara (BBTN) ................................................. 81

11. Bank Mutiara (BCIC) ................................................................. 81

12. Bank Danamon Indonesia (BDMN) .............................................. 82

13. Bank Pundi Indonesia (BEKS) .................................................... 82

14. Bank Pembangunan Daerah Jawa Barat dan Banten (BJBR) .... 83

15. Bank QNB Kesawan (BKSW) ..................................................... 83

16. Bank Mandiri (BMRI) ................................................................. 84
17. Bank Bumi Arta (BNBA) ........................................................... 85
18. Bank CIMB Niaga (BNGA) ........................................................ 85
19. Bank Internasional Indonesia (BNII) ................................. 86
20. Bank Permata (BNLI) ................................................................. 86
21. Bank of India Indonesia (BSWD) ........................................... 87
22. Bank Tabungan Pensiunan Nasional (BTPN) ......................... 88
23. Bank Victoria Internasional (BVIC) ................................. 88
24. Bank Artha Graha Internasional (INPC) .............................. 89
25. Bank Mayapada Internasional (MAYA) ............................... 89
26. Bank Windu Kentjana Internasional (MCOR) ............... 90
27. Bank Mega (MEGA) ................................................................. 90
28. Bank OCBC NISP (NISP) ....................................................... 91
29. Bank Pan Indonesia (PNBN) .................................................... 91
30. Bank Himpunan Saudara 1906 (SDRA) ......................... 92

BAB V HASIL PENELITIAN DAN PEMBAHASAN

A. Deskripsi Objek Penelitian ......................................................... 94

B. Teknik Analisis Data ................................................................. 96
   1. Statistik Deskriptif ................................................................. 96
   2. Uji Determinasi ................................................................. 97

C. Uji Asumsi Klasik dalam Regresi ............................................. 97
   1. Uji Normalitas ................................................................. 97
   2. Uji Multikolinearitas .......................................................... 99
3. Uji Heteroskedastisitas ................................................................. 100

4. Uji Autokorelasi ................................................................. 103

D. Analisis Regresi Linear Berganda .............................................. 104

E. Uji Hipotesis ........................................................................... 105

   1. Uji Parsial (Uji t) ............................................................... 105

   2. Uji Simultan (Uji F) ............................................................ 109

BAB VI KESIMPULAN DAN SARAN

   A. Kesimpulan ........................................................................... 111

   B. Saran ................................................................................... 113
