KATA PENGANTAR

Dengan Rahmat Allah SWT saya dapat menyelesaikan perjalanan dinas ke Dubai, UAE dalam rangka menghadiri 19th International Congress IFHIMA 2019 “*Empowering HIM Professionals through Global Voice*” sebagai peserta “*Oral Presentation*”. Kegiatan ini diselenggarakan pada tanggal 17 – 21 November 2019 di Intercontinental Hotel Festival City Dubai, UAE.

IFHIMA (*International Federation of Health Information Management Association*) merupakan Federasi Internasional bagi Profesional Manajemen Informasi Kesehatan yang berada di lima benua. Indonesia menjadi anggota IFHIMA sejak tahun 1989. Dalam kongres ini IFHIMA memberikan kesempatan kepada semua anggotanya untuk saling bertukar informasi tentang perkembangan Manajemen Informasi Kesehatan tahun 2019. Sub topik kongres ini terdiri dari: 1) *Health Informatics/Digitation of Health*, 2) *Educating for the Future/HIM Survival*, 3) *Clinical Coding/Classifications and Terminologies*, 4) *Healthcare Quality & Healthcare Patient Safety*, 5) *IFHIMA - ICD 11 Transition and Capacity Building*. Kami mengucapkan banyak terima kasih kepada pihak Universitas Esa Unggul dan Yayasan Kemala Bangsa dan biro-biro terkait atas terlaksananya perjalanan dinas ini. Semoga hasil laporan perjalanan dinas kami selama berada di tempat kegiatan dapat berguna untuk pihak-pihak yang mempunyai kepentingan.

Terima kasih

Dr. Hosizah, SKM, M.KM

BAB 1

LATAR BELAKANG PERJALANAN DINAS

IFHIMA didirikan pada tahun 1968 sebagai peluang untuk pertukaran informasi, pendidikan, dan jejaring bagi para profesional Manajemen Informasi Kesehatan secara global. Kongres IFHIMA diadakan setiap tiga tahun di salah satu dari 23 negara anggota yang mencakup lima benua, yang terakhir diadakan di Tokyo, Jepang pada tahun 2016. Kongres tahun 2019 pertama kalinya diselenggarakan di Timur Tengah, dan akan juga menjadi perayaan 50 tahun IFHIMA!

Tema Kongres th ini "*Empowering HIM Professional through Global Voice*" mendukung pekerjaan dan pentingnya profesi dan praktisi MIK, dan menyoroti perubahan teknologi yang terus berkembang dan tantangan yang dihadapi di seluruh pelayanan kesehatan. Peserta dapat berharap akan disajikan dengan program yang beragam, dihadiri oleh banyak disiplin ilmu dalam informasi kesehatan/informatika/keperawatan. Delegasi akan memiliki kesempatan untuk bertemu dengan perwakilan dan menghadiri presentasi oleh mitra pendidikan, kolega, vendor terkait, ditambah banyak pemangku kepentingan.

Tujuan

Kongres ini bertujuan memberikan kesempatan bagi para peserta khususnya Profesional Manajemen Informasi Kesehatan (PMIK) untuk tidak hanya belajar, tetapi juga untuk menjalin jejaring dan bertukar informasi dan gagasan dalam skala internasional.
